

KD WALL RACK ASSEMBLY INSTRUCTIONS

PARTS LIST:

- 4 - Hex Head Bolts
- 4 - Phillips Head Bolts
- 4 - Plastic Cap Plugs
- 4 - Loop Poles
- 2 - Threaded Tubing

***Mounting hardware is NOT included**

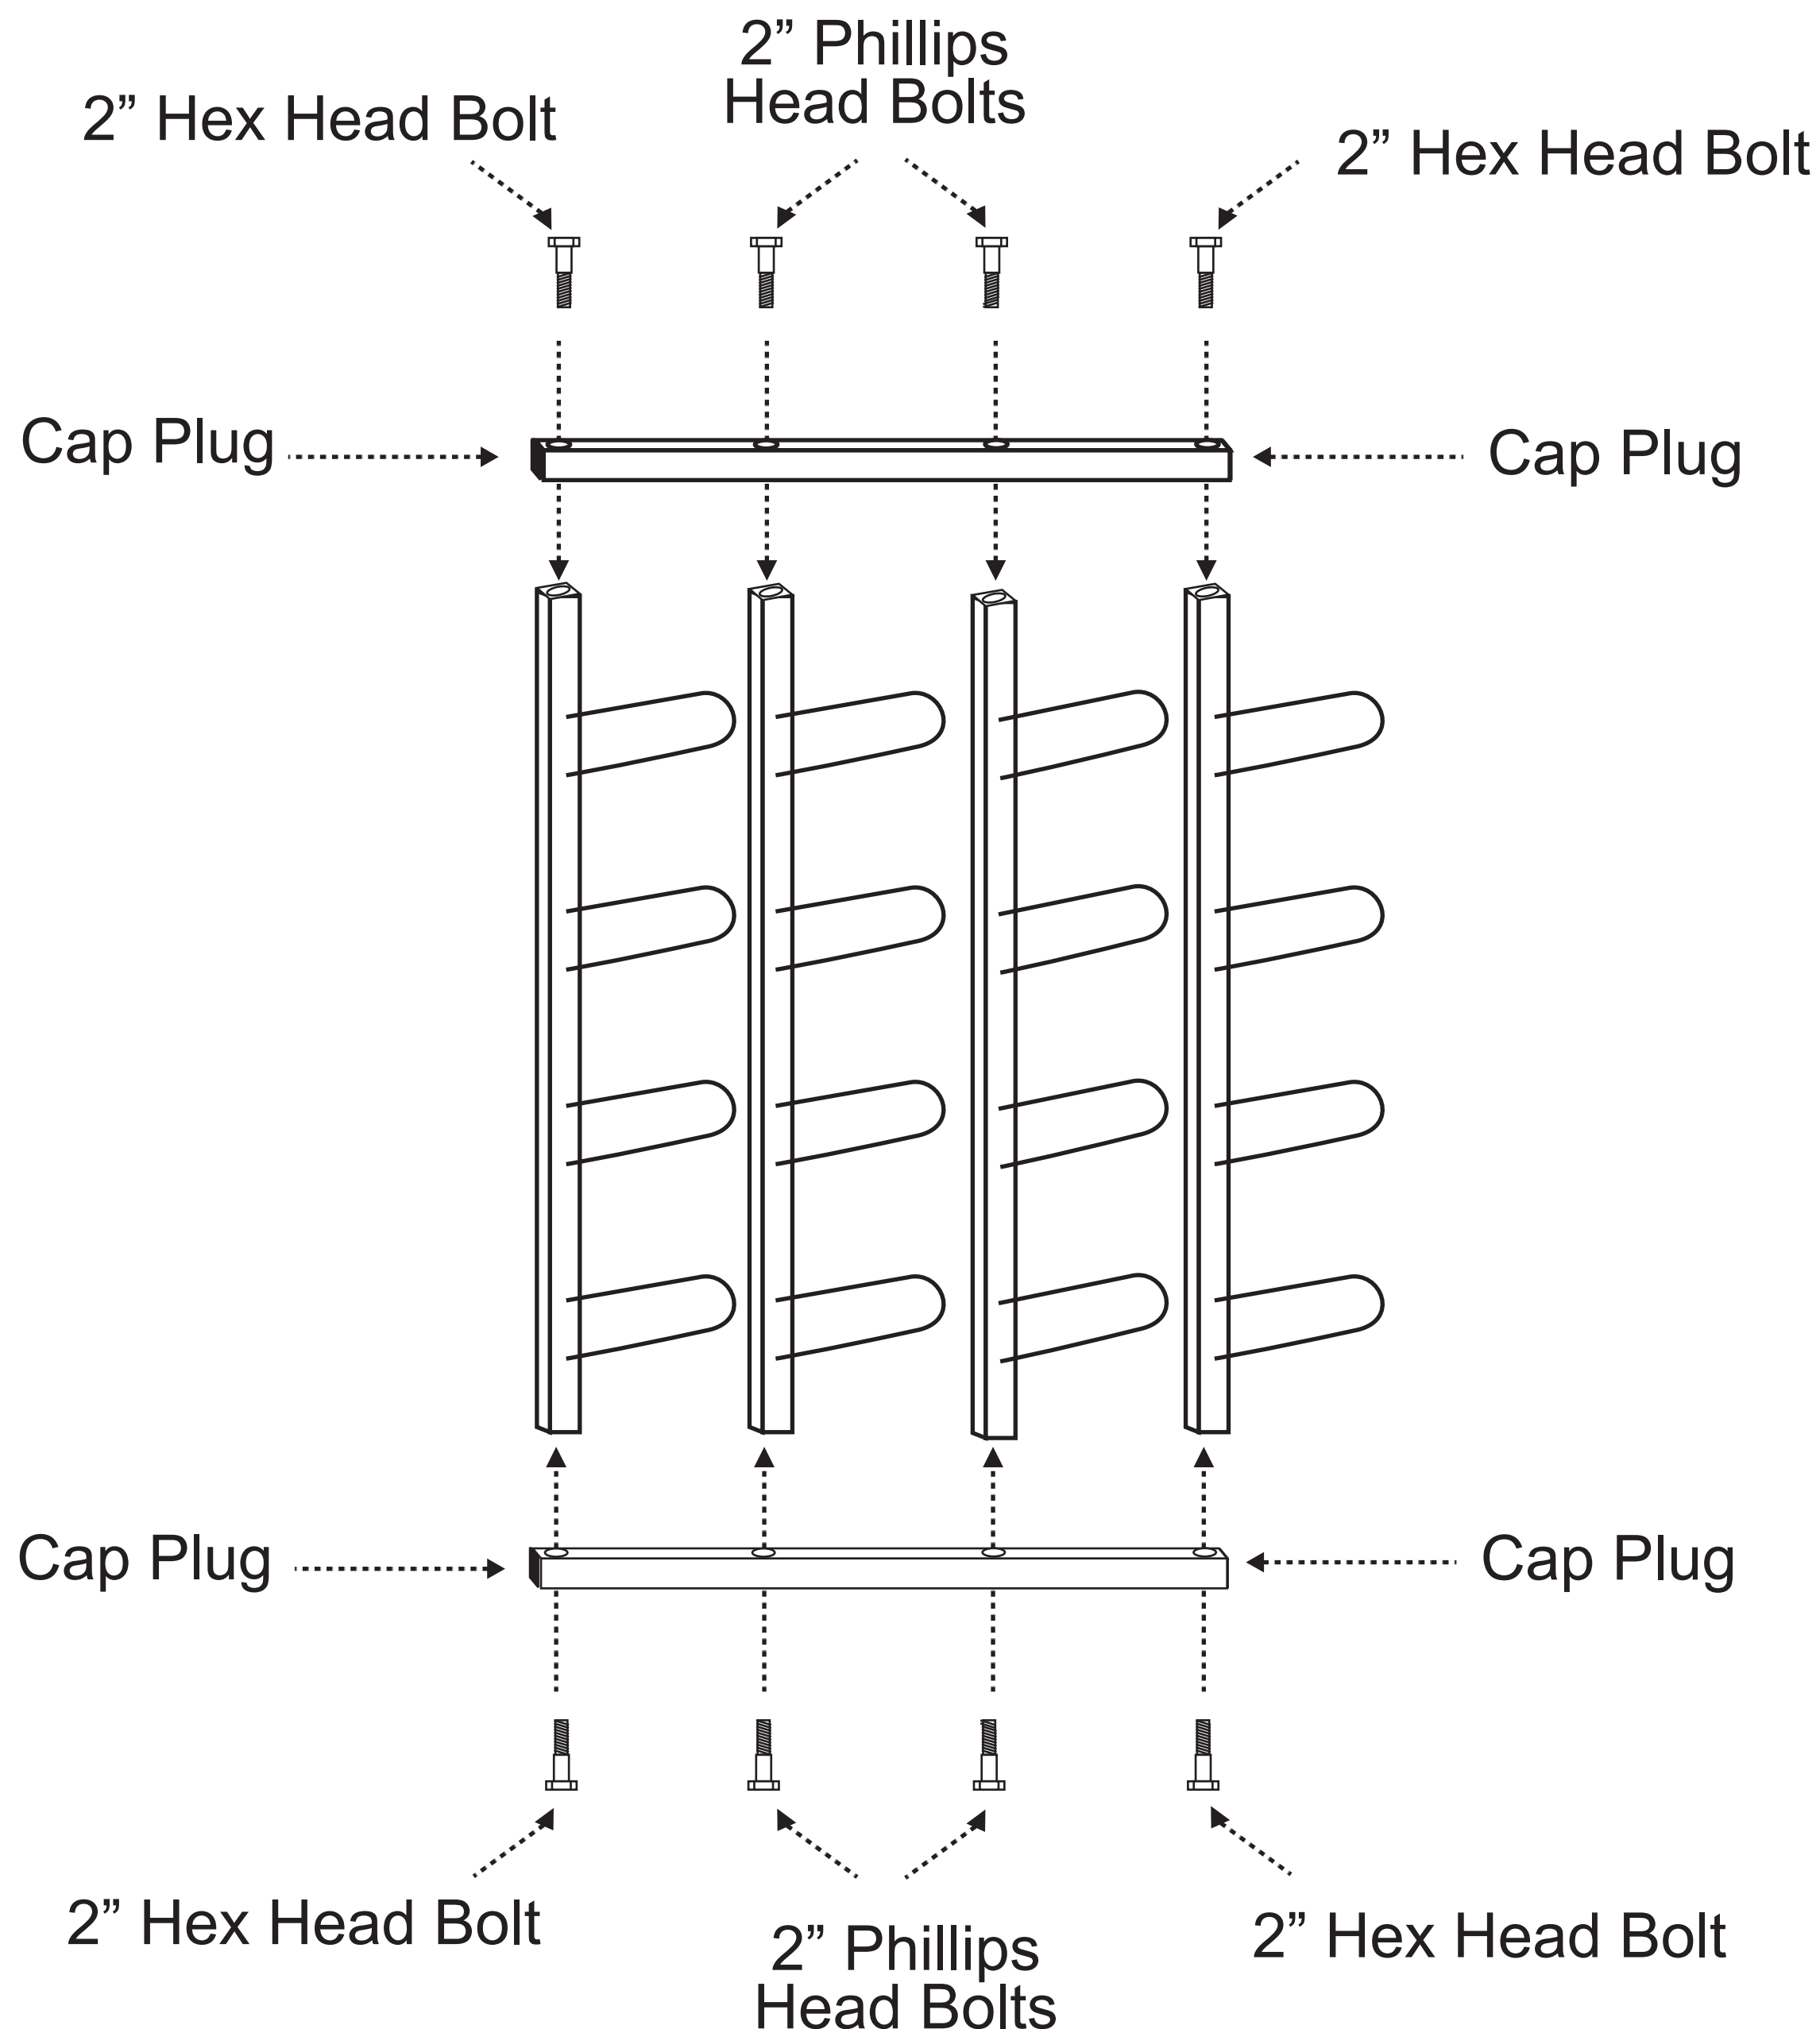

Lay out the parts as shown.

Do not tighten bolts completely until unit is fully assembled.
Be careful not to stress metal.

1. Start by laying out the (4) loop poles.
All loops should be angle up. All loop poles are identical.
2. Attach the threaded tubing to the top/bottom of the loop bars.
Hex head bolts are for the two outside loop bars (top & bottom).
Phillips head bolts are for the two inside loop bars (top & bottom).
3. Install the (4) plastic cap plugs by tapping them into the ends of the top and bottom tubes.

Secure the unit to the wall using appropriate hardware.

To function properly, this unit must be properly secured to a wall.
