

# HARDWARE ASSEMBLY FOR STREET SIGNS

## TOOLS NEEDED:

- 1 - Allen Wrench 3/16"
- 2 - Socket Wrenches 1/2"

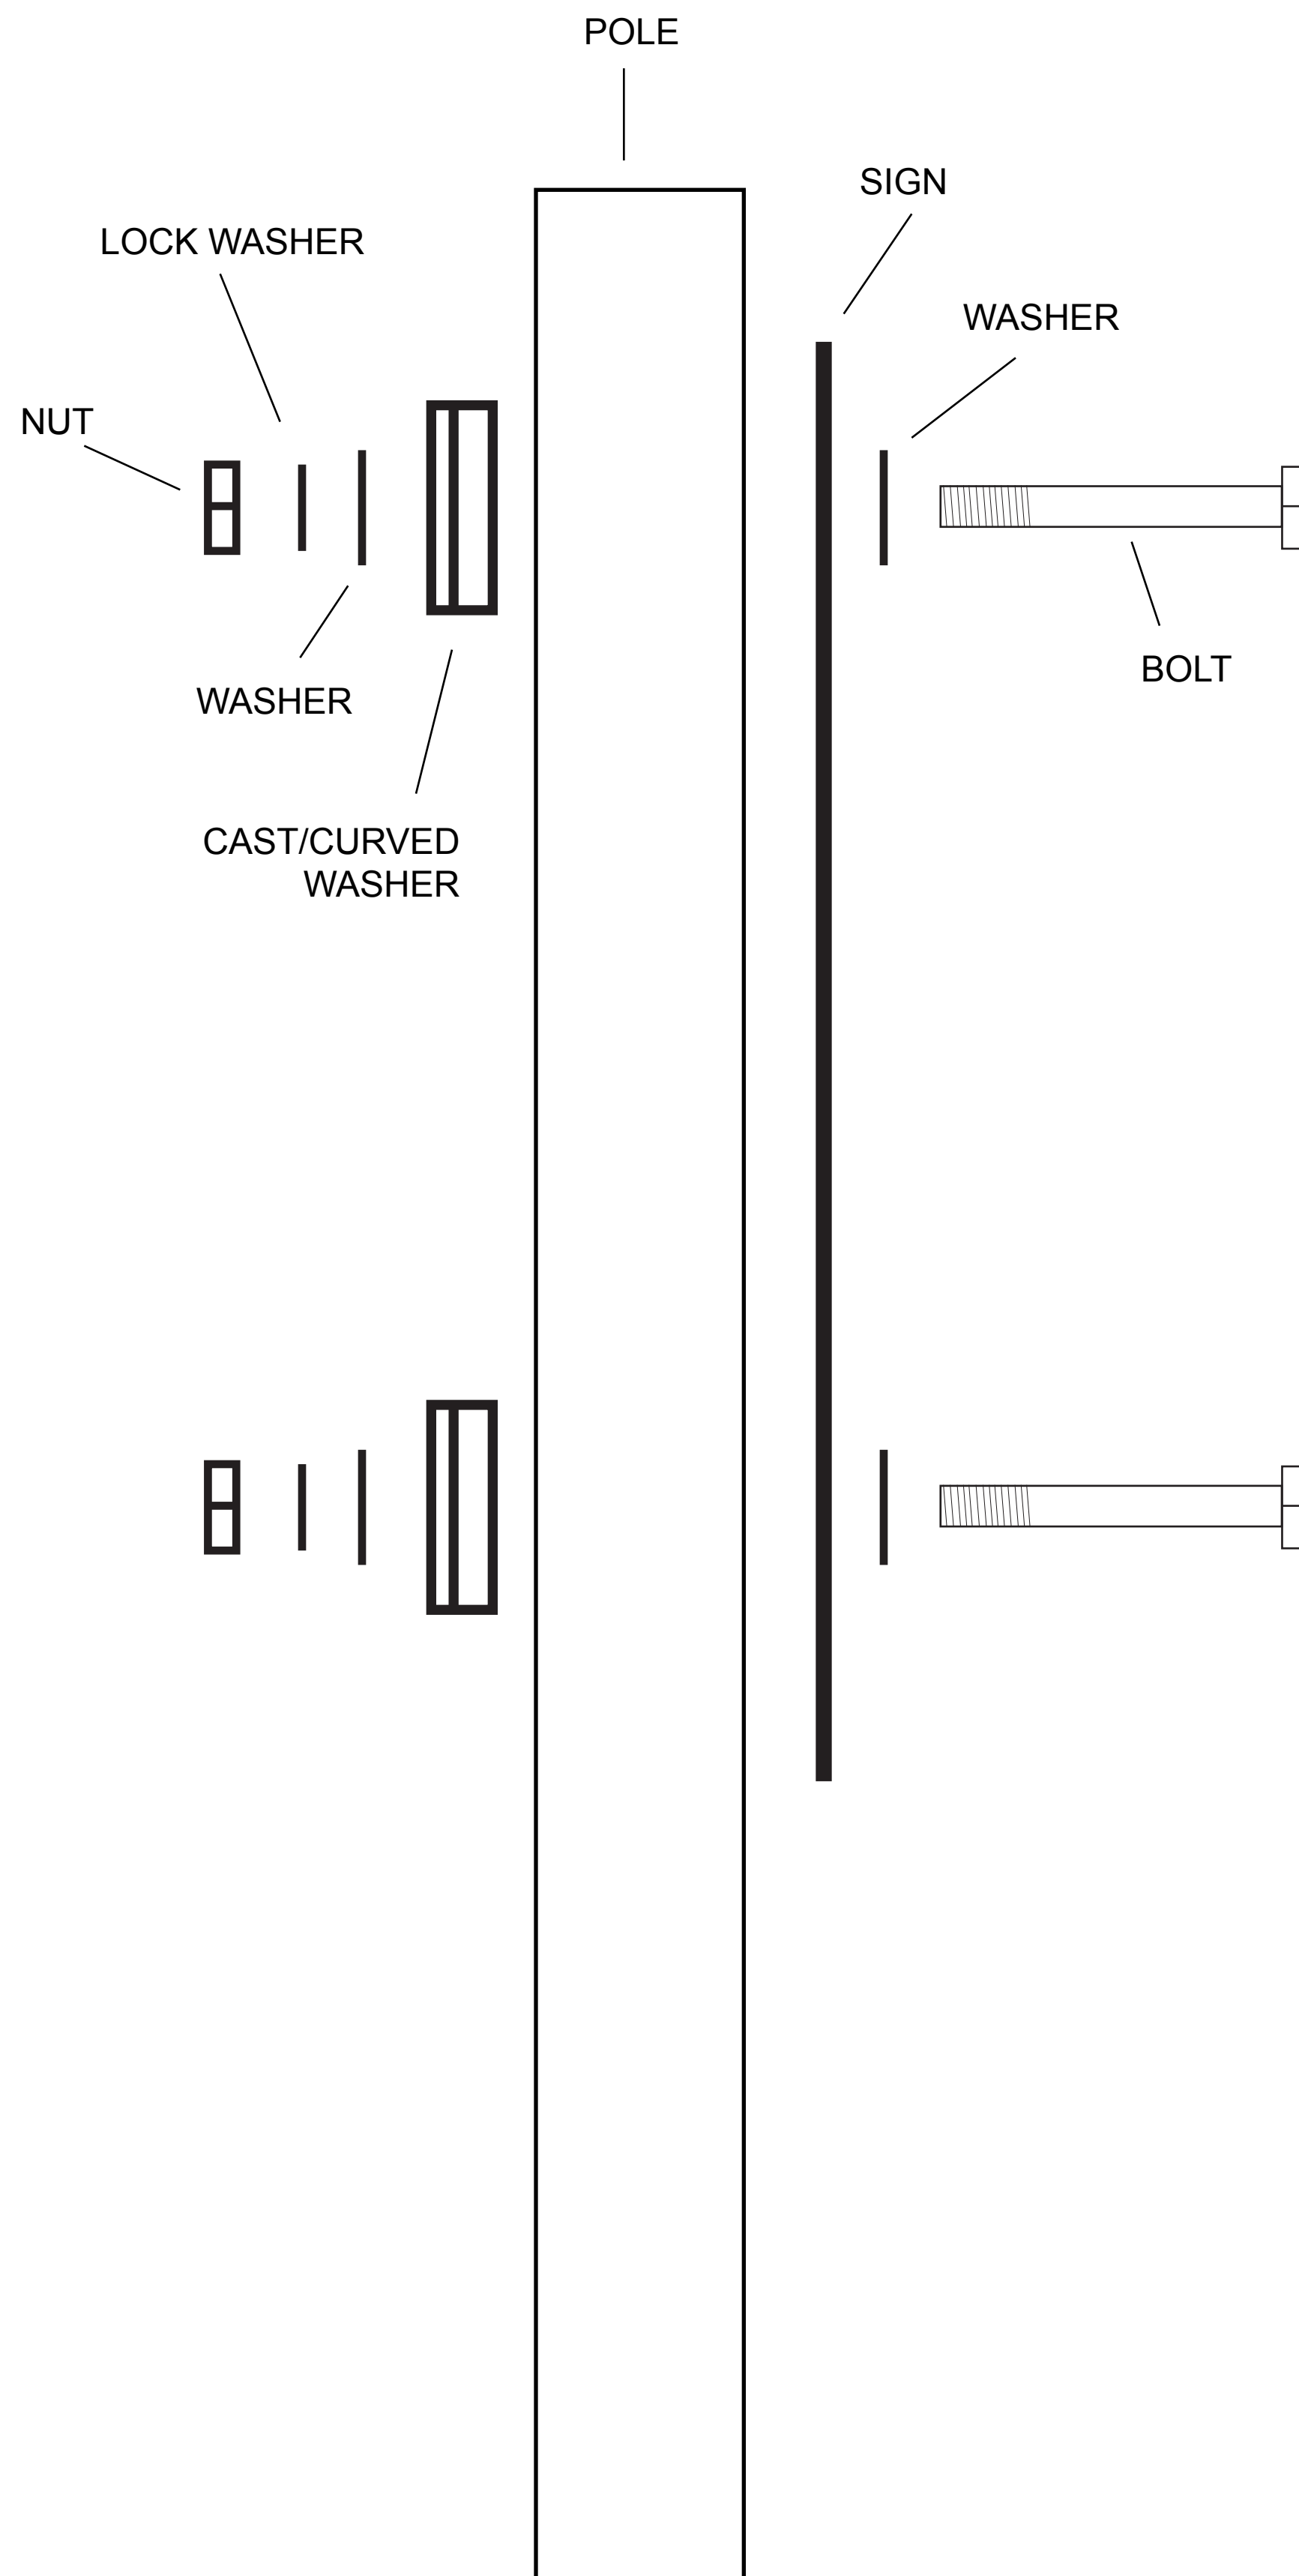

Metalcraft uses 3/8" drill bits for drilling holes in the pole

Lock washers, flat washers, nuts and bolts are all 18-8 stainless steel with a black oxide coating.

## PARTS LIST EACH SET:

*Generally - two sets are needed for each sign*

- 1 - Bolt
- 2 - Washers
- 1 - Cast/Curved Aluminum Washer
- 2 - Lock Washer
- 1 - Nut
